

Equal Access Funding

Statement

It is our intention to ensure that all children should have equal access to Pre-school.

Aim

We aim to ensure that children and their families are not discriminated against as a result of their financial situation.

Method

- Alderton Acorns ensures that all parents and carers are aware of any funding available.
- We agree to support any application made by a member of the group for funding.
- Should a member of the group apply for funding through Pre-school, confidentiality will be strictly maintained by both parties at all times. The Pre-school leader, treasurer and branch contact need only know the name and details of the application.
