

Safety of adults

- Adults are provided with guidance about the safe storage, movement, lifting and erection of large pieces of equipment.
- When adults need to reach up to store equipment or to change light bulbs they are provided with safe equipment to do so.
- Staff should not attempt to carry out a task unless they feel physically able to do so and have the right equipment. The preschool leader or chairman need to be notified if additional equipment or training is required.
- The sickness of staff and their involvement in accidents is recorded.
